

# Try a Little Tenderness

She may be weary, women do get weary

wearing the same shabby dress

and when she's weary, try a little tenderness

You know she's waiting, just anticipating

things she may never possess

While she's without them, try a little tenderness

It's not just sentimental, she has her grief and care

And a word that's soft and gentle, makes it easier to bear

You won't regret it, women don't forget it,

love is their whole happiness

It's all so easy, try a little tenderness,

It's all so easy, try a little tenderness
